## Telephone Talk No. 2.

Twenty years ago, when it took days to go any distance on a railroad train; when it took weeks to cross the ocean, people never thought the time would come when railroad trains would be run at a mile a minute pace, or that the ocean greyhounds would cross the ocean in as many days as it at one time took weeks; but with all these improvements nothing is any faster than the telephone. A few months ago if he wanted a doctor, no matter how bad, the farmer had to catch up a horse and ride him almost to death to go to town and see him. Then the doctor had to drive another horse too hard for his good to get to his patients. A few months ago the people of Bollinger county were, you might say, isolated from the county seat, also from each other; but now it is different. You can, in an instant, call up the "Central Office" of the Peoples Telephone Co. at Lutesville and get connected with all the prominent towns in the county, from Patton on the northeast to Zalma on the southwest. If you appreciate this great accommodation get the Peoples Telephone Co. to put in a telephone for you at once. We run to any man's home. All the leading stores in the county have 'phones, all the doctors have 'phones; all the railroad stations have our 'phones. This company has 140 'phones working—all its own—and these 'phones are so connected that they can talk to about 1000 'phones that are on other lines, which connect with our lines (this does not include the long distance connections).

There are other companies bidding for your patronage, but why not patronize the "Old Reliable," which can connect you with more 'phones than all the other companies combined. The farmer can get the latest prices on stock, eggs, poultry, and all his farm produce; you buy and sell at a better price for being posted. We are not connected with any trust. WE ARE FOR THE PEOPLE OF BOLLINGER COUNTY. We all live in that county and pay taxes in that county. Call up 'phone No. 13 and get the particulars. Adv.

## Clubb Creek

Many of the farmers have planted some corn.  
Adam Wiseman was bitten by a snake last Wednesday.  
Mr. Butler has moved his sawmill onto the farm of Frederick Francis and expects to go to cutting lumber right away.  
Johnson Wiseman has employment as fireman at Butler mill.  
Rev. S. G. Virgin failed to fill his regular appointment at Clubb Creek the last fourth Saturday and Sunday.  
There will be singing at Clubb Creek next Saturday night. Everybody invited.  
Several of our young folks attended church at Sylvan last Saturday night and reported a splendid time.  
Mr. and Mrs. L. W. Wiseman were shopping in Lutesville and Marble Hill Saturday.  
Mrs. Eva Griffey visited Mrs. L. W. Wiseman one day last week.  
Some of the worthless curs are

causing a lot of trouble in this vicinity. They killed ten head of Mr. Ford's sheep recently.

Mr. and Mrs. W. E. Gaines visited Mr. and Mrs. Irvin Gaines Saturday night.

Miss Cholia Shell of Ladfin returned home last Saturday, after a few days' visit with relatives and friends in this neighborhood.

Monroe Null made a trip down to "Uncle Kling" Richards's last Sunday. What's—? never mind. I don't want to know!

There will be services at Clubb next fourth Saturday night and Sunday. Everybody invited.

J. T. Wiseman of Cape Girardeau returned home Wednesday, after a few days' visit with the family of his father, L. W. Wiseman.

HIGH RYE.

## Possum Creek.

Andrew Abernathy of Cane Creek was in this neighborhood Monday.

Andrew Thomas is cutting and hauling logs to Hahn & Son's sawmill and they are cutting lumber for his new barn.

Jesse and Jacob Hahn made a business trip to Charleston recently.

Most of our farmers who have corn in the ground are thinking of planting over.

Mr. and Mrs. Jesse A. Lutes had business in Lutesville Monday.

Melburn Winters was in this community one day last week buying cattle.

On account of the Hessian fly and recent cold weather, the wheat crop in this locality will be a failure this year.

Peaches and apples are about all

gone up, but we will have some small fruit.

I think the highway engineer should instruct the road overseers to remove the loose stones from the roads—especially along Possum creek. People should be careful about throwing rocks, brush etc in the road, as it is a violation of the law.

Miss Annie Reilly visited Miss Bertie Thomas Sunday.

Enoch Underwood had business in the Flatwoods recently.

Fred M. Lutes is preparing to build a large barn this fall.

C. E. Dunn says he is going to Sikeston soon to construct a lot of sidewalk. Charlie is a worker.

The democratic race track committee should begin to feed their running stock for this fall and find out their moving ability before the primary, or some old plug may get mixed up and stampede the bunch into Salt creek. We have plenty of good stock, young and old, who can go through the race and never break their gait. Let's get the right men out and keep rumpuses out of the party.

Joseph Dunn recently purchased a new buggy.

P. M. Ecker visited his sister, Mrs. J. P. Dunn, one day last week.

Mrs. Della Hahn and sister, Mrs. Chadd, visited friends on our creek last week.

Dogs have been killing sheep in this neighborhood and some of our people expect to kill some dogs before long.

Prof. Grover Allgood continues plates going back to Kentucky this fall. We will be sorry to lose him, as he is an excellent young man.

Willie Reilly attended services at Point Pleasant church Sunday.

Andrew Thomas worked for C. E. Dunn last week.

George Delaney, who has employment at Blytheville, Ark., is visiting home folks here.

Ora Caby had business in Lutesville Saturday.

Alex Hahn's alfalfa looks very promising. Our farmers should profit by his experiments.

Charles E. Dunn spent Saturday night with Grover Allgood.

Enoch Underwood has been building a lot of new fencing around his farm.

Rev. Hoy filled his regular appointment at Point Pleasant church Sunday afternoon.

LITTLE EPHRAIM.

## Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerve. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS,  
Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

## Whom God Hath Joined

We have sipped the cup of sorrow,  
Thou and I;  
We have waited a to-morrow,  
Thou and I;  
We have watched beside a bed,  
Bending o'er a little head,  
Crushed beneath a weight of dread,  
We have owned our helplessness,  
Thou and I;  
We have sought God in distress,  
Thou and I;  
We have shed a common tear  
When no other help is near,  
Prayed together in our fear,  
Thou and I.

Shall we break the ties that bind us,  
Thou and I?  
Shall we put those days behind us,  
Thou and I?

God has wet with grief and pain,  
Shall we prove that union vain,  
Shall we go our ways again,  
Thou and I?

—J. G. McLaughery in The Circle.

Old Mother Earth, who has closely guarded her age all her life, is 400,000,000 years old, says an article which appeared in the current number of a geological publication of the University of Chicago. In more scientific phraseology, the approximate age of the earth, it has been discovered, may be determined by dividing the amount of salt in the sea by the amount brought down each year by the rivers that empty into it. Sir John Murray, Prof. Joly and M. Imbault, as famous geologists, stand back of this new method of computing the age of this terrestrial sphere.
